Many Thanks!!

Your contribution to the Patrol is greatly appreciated. We have been in continuous operation since 1957 and have never charged for our search and rescue services. We receive limited assistance for such activities as traffic direction at events, but this is minimal. Thus, we can only continue our operations if organizations, businesses and citizens are willing to help.

The unique concept of our program is that we have an adult Board of Directors and adult Chiefs and instructors but the operation of the Patrol is strictly in the hands of young men and women in high school. They serve as Officers and members. And we have had *over a thousand* of them involved over the years. We have found that if you give young people the training and responsibility they will perform admirably!

If you would like to know more about the Patrol please visit our website or contact us using the contact information found above. If you are a former member of the Patrol, thank you for your service and continued support!

Thank you again,

For the Board of Directors

Steve Joiner, President – 2021
